

## IN THE CITY.

## The Courts.

Judge Harris resumed his old quarters in the new courthouse again yesterday, having found the court of appeals room inhospitable for the transmission of business. The following suit on the morning docket was disposed of:

Dowd, Lamm and Martz, vs. F. J. Holt and Foreclosure Judgment for \$15,000 in favor of Holt.

The motion docket was then taken up. The motion of Birch-Musmann vs. George Struth for a new trial was sustained, in so far as to adjudge costs against defendant.

Martin-Brown company vs. A. Cooper, et al., was dismissed.

Charles Robinson vs. R. E. Maddox et al., motion for new trial overruled, and defendant, Maddox, excepts and gives notice of appeal.

In the Forty-sixth district court Judge Gross was occupied all day with the non-jury docket, the most important case being that of A. P. Luckett vs. Herbert A. Johnson. Judgment was given plaintiff against Mary Outfit and foreclosure.

Let us, as contestants, meet each other face to face, and then you know what either is doing in his official work.

We are arranging for an excursion to the West, and immediately after the adjournment of the session we will accommodate a visit to Chicago during the year, please arrange to join this excursion.

The rate will be low and the fare during the excursion.

If you decide to come with us believe you will, please notify Hon. W. W. Morrison of Austin, so that matters may be arranged accordingly.

George Holland was convicted of selling liquor on Sunday. He was fined \$35 and costs.

New suits filed: G. W. S. Bagley vs. Teessesse Baker, for damages on account of abandonment.

J. E. Gorham vs. Texas and Pacific Railroad company et al., suit for damages for alleged injuries to cattle in transit.

Ex parte Asa M. Gallup, to remove状告蒙特祖马。

J. W. Robinson vs. B. E. Bratton et al., debt and foreclosure.

James Wright (recovered) and Mrs. Mary Penn (recovered) were given permission by the county clerk yesterday to take each other for better or for worse.

District Clerk McNatt will leave today for Montezuma, Tenn., where he will spend his vacation.

Court Clerk John P. King, who has been absent from some time from the chamber with Mr. Hot Springs, Ark., for rest, and District Clerk McNatt will accompany him there and see him settled down.

Colonel Talbot of Corsicana, district chief of Navarro county, was a visitor to the city yesterday, and left for home last night.

## They Will Fight.

The agreement for a fight between Al Burke, the middleweight champion of the South, and Joe Kinnard of St. Paul, has been signed, but there has been considerable trouble to secure a suitable place for the contest. A reporter saw Burke yesterday and from him learned the fight would probably take place at the "Bassette pavilion." The stakes have been put up and all arrangements completed for the battle, which will be twenty-five rounds. The event will take place sometime between the 15th and 20th of the present month.

## Theatre.

Mr. A. L. Lowe of this city, secretary of the Dupont Naval association, has written to the commandant of the Brooklyn, N. Y., navy yard, making application for a twelve-year armed cutter for the Texas naval militia. The state legislature recently passed a resolution to the same intent, but the association is going to apply for a charter on the ground that its object is educational, and it is hoped that means may thus be obtained for giving instructions in naval tactics.

Resolved, that we demand of the Populists at the next election party of the neck which is to be killed, and that we must have of the aforementioned party some part of the meat located back of the neck that we will not be content with only one, but must have either two or three, and so forth.

The committee who examined him were Messrs. Ben Terrell, J. A. Penick and J. L. Hill and they recommended his admission to the bar.

## A GOOD MOVE.

The World's fair being the great attraction this year, the usual summer resorts suffer a corresponding loss. People who are in fairly comfortable, but not exactly easy circumstances—and this class includes the great number of small business men—are to a great extent giving their usual summer outings up in the mountains, by the streams and in the forests, the go-by.

In order to meet this condition of affairs the Fort Worth and Denver railroads have decided to place on sale tickets to the World's fair at a round trip rate of \$62.50 via Denver and Kansas City.

The public will have an opportunity of seeing and visiting the numerous delightful resorts in Colorado, and after spending a few days or weeks there, as the case may be, go on to Chicago and see the great fair, thus combining a delightful vacation outing with a view of the World's creation of all wonders, the White City.

## Mrs. Barrymore Dead.

Santa Barbara, Cal., July 5.—Georgia Drew Barrymore, the actress, died suddenly this morning. She came to this city three weeks ago for her health, and had improved considerably.

She was taken ill, however, and her friends were concerned. The speakers averred she was royally entertained as if they had been the president and vice-president of the nation. Mr. Smith was the first to speak.

## Prince at Dallas.

Arrangements are now being made with John S. Prince, the world's champion bicyclist, for a big race to take place at Dallas. The event will occur before his departure for Chicago, and the conditions of the contest are the same as those governing the two races in Fort Worth. It is probable the purse will be much larger, however.

## But One Time.

A reader of The Gazette requested the sporting editor to decide a question that will settle a dispute. The question is asked if a ball was ever batted over the fence since the ground was converted into a base ball park. There never had been but one ball put over the fence and that was during the Fort Worth-Dallas game of Sunday last.

## A Sudden Death.

Mrs. Fara Parham, who resides on East Second street, died very suddenly yesterday from a disease known to the medical fraternity as apoplexy. The lady had only been sick two or three days. The funeral will occur from the family residence at 10:30 this morning, conducted by the Rev. Dr. Wells. The interment will take place at the new cemetery.

Ice Dealers and Consumers.

You can get ice at the packing house for 30¢ per 100 pounds, from a two-hundred-pound block to a car load.

## Miss Smith Improving.

Miss Carrie Smith, daughter of Mr. and Mrs. A. B. Smith of the South Side,

is improving satisfactorily. No. 1 on No. 2 for men. Business strict.

The committee who examined him were Messrs. Ben Terrell, J. A. Penick and J. L. Hill and they recommended his admission to the bar.

## A GOOD MOVE.

Broadbent's Pills purify the blood, stimulate the liver, strengthen the kidneys, regulate the bowels. They were introduced in the United States in 1825. Since that time over sixty millions of boxes of Broadbent's pills have been used.

This, together with thousands of valuable testimonies from all parts of the world, make Broadbent's pills the standard of quality.

Broadbent's Pill are easily digestible, absolutely harmless, and safe to take, at any time.

## To All Our Readers.

Topera, Kan., July 5.—The most remarkable resolution ever adopted by a political convention was that agreed to by Rice county Democrats yesterday in defining the terms upon which they would enter into a fusion with the Populists. The latter were told that they must disband their offices in line with the following resolution:

Resolved, that we demand of the Populists at the next election party of the neck which is to be killed, and that we must have of the aforementioned party some part of the meat located back of the neck that we will not be content with only one, but must have either two or three, and so forth.

The committee who examined him were Messrs. Ben Terrell, J. A. Penick and J. L. Hill and they recommended his admission to the bar.
